EXPERIENCE

Redlio Designs <i>Web Developer Intern</i>	01/05/2023 - 31/05/2023
Developed proficiency in React.js and also basic knowledge of Node.js and Express.js. This experience significantly enhanced my skills in the Web development, offered valuable insights into the complexities of software development.	
iNeuron <i>Web Developer Intern</i>	20/05/2024 - 20/06/2024
Developed strong capabilities in React.js and essential knowledge in Node.js and Express.js. This experience expanded my skills in the MERN stack, offered crucial insights into software development challenges, and improved my effectiveness in creating and managing applications.	

PROJECTS

CSR-CONNECTHUB <i>React.js, Express.js, Node.js, MongoDB</i>
<ul style="list-style-type: none">Created a collaborative platform for businesses and NGOs to boost CSR initiatives with secure user authentication, custom dashboards, RFP management, media sharing, blogging, and notifications for enhanced communication and impact.
DishDiscovery <i>React.js, Express.js, Node.js, MongoDB</i>
<ul style="list-style-type: none">Developed a recipe-sharing website allowing users to upload, discover, and categorize recipes. Integrated advanced search and filter functionalities to improve user navigation and enhance the overall browsing experience.
Edusity <i>React.js</i>
<ul style="list-style-type: none">Designed and developed a college/university website with responsiveness, featuring React smooth scroll, sliders, and a functional contact form with email integration for efficient inquiry handling and seamless user experience.

CERTIFICATES

Google UX Design Professional Certificate
Cognizance'24 - Ping Data Structure Technical Event
CodePie v2.0 & v3.0 (CHARUSAT)
Javascript HackerRank (Basic & Intermediate)

ACHIEVEMENTS

Winner in Ping Data Structure Event at Cognizance'24
Leetcode: 100 Problems with 1420 Rating
codechef: 500+ Problems with 1091 Rating and also Course Completion Certificate
